

SYB

SYB Art House, Beetsterzwaag, the Netherlands, May 2008
spotlights, PC 2.5 x 2x 3 m.

PETER VINK

A light installation focusing on a specific stretch of wall in the rear room of SYB Art Centre. This stretch of wall was made into the subject of an installation by building a lightproof shed around it. The old wall, marked by many traces from the past, was illuminated in a different way each time.
